A comedy that smacks with the ridiculous. Smiling Billy Mason will please you.
SPECIAL.....FIRE FIGHTER'S LOVE.....SELIG
The most thrilling fire scene ever shown.
ILLUSTRATED SONG
Show starts 6:15 Admission 5 cents.

PHOTOPLAY

ONIGHT SPECIAL.....PHANTOMS.....TWO REEL SELIG
The world seemed gay and joyous to Matt Elliot, the young stage manager, who had early made his mark and had before him the brightest prospects for a life of ambition and accomplishment.
He had met and won a talented young woman, Natalie Storm, and materially assisted her to a successful debut on the stage.
Intoxicated by the triumph of her first public performance, she turns against her lover, because he answers a call to the bedside of his dying mother instead of remaining to congratulate her.
He is turning to hate, she blindly accepts the attentions of another man. Finding no consolation in this, she tries in vain to call back the man, whose love she had cast aside.
Even a trip abroad fails to dissipate her trouble, and later she returns, only to find the man she had wronged happily married. She goes away to spend the balance of her days dreaming of the peace which might have been hers, and with only phantoms for her friends in the gathering gloom of the years to come.
The Third Reel Will Be:
SOPHIE'S NEW FOREMAN.....ESSANAY COMEDY
Sophie hires Alkali Ike as her new foreman.
Show starts 6:15. Admission 5 cents.

NOT CALLED TO DAYTON CHARGE

Rev. Joseph B. Baker Says Rumor
of Large Offer from Cleveland
City is Incorrect. To Re-Dedicate
Church. Other Church News.

Rev. Joseph B. Baker, pastor of St. James Lutheran church, states upon his return from a two weeks' vacation, that the rumor which gained circulation during his absence, that he had been offered a Dayton, Ohio, charge at a salary of \$3500 a year was without foundation. He admitted, however, that a representative of the church in question had visited St. James several weeks ago in order to hear him preach. Mr. Baker has recently been asked by church authorities having in their hands the supplying of pastors, whether he would accept another charge, and his answer has been that he did not care to leave Gettysburg now. This will be the best of news for the many admirers and friends of the popular pastor of St. James.

Class 23 of the Sunday School held a measuring social on Thursday evening and cleared about \$10.00.

After some needed repairs and the installation of a steam heating plant the congregation of the Memorial United Brethren church will now reopening services on Sunday, Dr. W. H. Washinger, of Chambersburg, will preach in the morning at 10:30. In the afternoon at 2:30 there will be a meeting which will be presided over by the pastor and the speakers will be Rev. F. E. Taylor, Rev. Joseph B. Baker, Dr. A. E. Wagner and Rev. L. Dow Ott. Dr. Washinger will preach at the evening church service at 7 o'clock.

Two more decisions were made at the United Brethren church Thursday evening. The audience throughout the service carried with it the same spirit of interest as on other evenings. The sermon by Rev. Mr. Crabbill was delivered with the same interest and force, while the congregation gave undivided attention. A freewill offering was asked for the support of Mr. Crabbill. A most liberal response followed. The singing was greatly enjoyed by all. Service this evening at 7:30.

At the Methodist church Thursday evening a delightful social was enjoyed by members of the congregation and Sunday School. There were a number of musical selections by the talented young people of town and refreshments were served. About one hundred and fifty persons enjoyed the affair.

Members of Trinity Reformed church are interested in the announcement that Rev. J. N. LeVan of North Wales, has accepted the invitation to deliver the address at this summer's Pen Mar reunion. Rev. Mr. LeVan is a young man of great oratorical power and the committee feels gratified with the prospect of having such an able speaker for the reunion which will be held on Thursday, July 16.

The College Lutheran congregation on Thursday forwarded a box of supplies to the members of the Lutheran mission in India.

SOCIAL

Mrs. Nau Given a Social at her Residence in Town.

A very pleasant social was given Mrs. J. Calvin Nau, of East Middle street, on Tuesday, March 10th. The music for the evening was furnished by Mr. and Mrs. Phillips, David Dougherty, and Fred Nau, after which refreshments were served. The following were present, Mr. and Mrs. L. Dow Ott, Mr. and Mrs. William Stansbury, Mr. and Mrs. Eugene Phillips, Mr. and Mrs. Charles Dougherty and son, David, Mr. and Mrs. Peter Sachs and daughter, Ruth, Mrs. Raymond Rudy and son, Carl, Mrs. Sarah McCullough, Mrs. Edward Swope and son, Lawrence, Mr. and Mrs. J. Calvin Nau and sons, Fred and Carl.

KEEN INTEREST IN BALL CIRCUIT

Gettysburg Views with Interest Plan
to Establish Four Team League.
Would likely Favor Including Two
Other Towns. The Plans.

Much interest has followed the announcement, in The Times this week, of the proposed plan to form a four club base ball circuit to include Gettysburg, Fairfield, Emmitsburg and New Oxford. Numerous curbstone and business place arguments have followed the publication of the scheme which had its inception in the neighboring town of Fairfield. That Gettysburg will be eager to place a team in the league seems a certainty.

Numerous suggestions have followed the first announcement, the chief of which are the shortening of the season and the enlargement of the league from four to six teams.

Base ball fans in Gettysburg claim that twenty four weeks is too long a period in which to hold interest; that the extension of a season into the second week of October is not at all practicable and that it would be far better to close the playing time not later than the middle of September.

For the enlargement of the league the chief reason given is increased interest. Littlestown and McSherrytown are the other two teams apparently desired here, because both towns have easy access to all the other teams in the league and in addition are good base ball localities. York Springs, with its usual good team, would be a very desirable addition, think the fans, but distances are too great from some of the other towns mentioned.

These and many other things will likely come before the meeting for organization soon to be held here.

Should Gettysburg enter the league it will be necessary to adopt some systematic scheme of financing the team. With all the games scheduled for Saturday it would mean that many of the players would lose a half day's wages once a week, a condition that would mean much to many of them and some provision would have to be made to protect them against this loss. Saturday is a poor day to draw crowds in this place and a substantial financial support would have to be secured.

But, with the interest and enthusiasm already manifested, it is believed the affair could be well handled. Other towns concerned have also taken to the idea and we may have some good semi-professional ball in these parts during the warm days of 1914.

ACCIDENT AT JAIL

Two Prisoners in Playful Mood Cause
Serious Accident.

Jacob Moore, sentenced at a recent session of Court for stealing chickens, had his hip broken in the county jail on Thursday. Moore and another prisoner, Joseph Black, were sitting on a radiator when they started to tussle with each other in play. They suddenly rolled to the floor, with Black on top and Moore's leg twisted under him. Moore gave a cry of pain and examination showed that the hip was broken. It was set by local physicians. Black is the fellow who fired several shots in the City Hotel last September and has been in jail ever since, having failed to pay \$50 to Mr. Bruner, the proprietor, for damage done to the place.

MONTHLY MEETING

Two Addresses at Meeting of Parent
Teachers' Association.

The regular monthly meeting of the Parent-Teachers' Association will be held in the High School building this evening. Dr. Edgar Miller will speak on "The Care of the Eyes" and Dr. Lightner Witmer, educational expert of the University of Pennsylvania, on the subject "The Educational Treatment of Exceptional Children in the Schools". A good musical program has also been arranged.

ARE SUING FOR LARGE DAMAGES

Cases Involving Big Claims as Result
of Blue Mountain House Fire Last
Summer now on Trial. Fire Escape
Story Figures.

Asking a total of \$125,000 for injuries alleged to have been received in the Blue Mountain House fire last August, Benjamin F. Metzger and Malcolm F. Frank, on Thursday began the trial of their suit in the United States Court in Baltimore against H. C. Bond and John Gibbons, the proprietors of the hotel.

The law point as to whether it is necessary at common law for fire escapes to be placed in all such circumstances as surrounded the Blue Mountain House, was argued Thursday by the defendants' counsel, Gans & Hamman.

The plaintiffs are represented by Harmon, Knapp, Ulman & Tucker, and tell a thrilling story of how they were cut off by the fire, and were unable to descend from the fourth floor, the one unenclosed stairway being impassable for smoke and flame. Seeing a room marked "Fire Escape" they entered it, and found it to be a lumber room, with no apparent means of egress other than small and high transom windows.

After several attempts to work their way out one of the men felt a draught from the flooring, and they pulled up some of it and found an opening to the third floor. They then made their escape.

Metzger is suing for \$50,000 from burns, and Frank for \$75,000 damages.

SALE REPORT

Good Prices Realized at County Farm
Sales.

George E. Motter's sale in Mount Joy township on Wednesday brought a good return. The total amount of the sale was \$3250. The best horse brought \$201 and the best cow \$90. The highest price brought by a pair of mules was \$301. G. R. Thompson called the sale and L. U. Collins was the clerk.

W. H. Peters' sale in Menallen township on Thursday amounted to \$2234.06. Horses sold well, the best one going at a figure of \$212. The best cow brought \$49.50. Attendance about 225. Slaybaugh and Taylor were the auctioneers and Gochnaur and Rex were the clerks.

The sale of J. D. Gochnaur, in Tyrone township, on Wednesday reached a total of \$1350.26. The best horse brought \$165.50 and the best cow brought \$51. Attendance about 150. A. W. Slaybaugh was the auctioneer and Weidner was the clerk.

The sale of John Kime in Tyrone township on Thursday amounted to \$2400. Two pairs of mules brought \$812.50, one pair selling for \$440. The best cow sold for \$75. Attendance about 300. G. R. Thompson was the auctioneer and Cashman and Mackley were the clerks.

GOT 5 CENTS

Edward H. Rowe Asks for \$5000 for
Being Jailed.

Edward H. Rowe, formerly burgess of Emmitsburg, was given a verdict of 5 cents, by a jury Wednesday in a suit for \$5,000 against Justice of the Peace Marian S. Miller, of Woodsboro, for alleged false arrest and imprisonment. He sued County Constable Chester M. Hauser for the same amount, but lost.

The trouble was the outcome of an attempt on the part of Constable Hauser to dispossess a tenant of the Emmitt Hotel. Rowe, it is alleged, took the part of the tenant and was arrested and placed in jail. He claimed he went to the scene to preserve order.

FOR NEW BUILDING

Cumberland Township Decides on New
School Building at Boyd's.

At a meeting of the school board of Cumberland township and the patrons of Boyd's School this week it was decided to take down the present structure and to rebuild instead of remodeling the present building. The new structure will be the regulation one room country school house.

THOSE TAKEN BY HAND OF DEATH

Many County Residents and Those
who Formerly Lived here Fall
Victims to Disease. Those who
Survive. Funeral Notices.

WILLIAM SEBRIGHT

William Sebright, of near East Berlin, while attending the Samuel Stock sale, near Hampton, on Monday afternoon, was taken suddenly ill about 4 o'clock and rendered unconscious. Dr. Leh, of Hampton, was immediately called and the unfortunate man was removed to his home, where he died without regaining consciousness about 10:30 o'clock the same evening.

Mr. Sebright, who was a retired farmer and a highly respected citizen of Reading township, left home in good health about noon and his sudden death came as a shock to the immediate family and many friends.

He was aged 53 years, 6 months and 3 days and is survived by his wife, nee Miss Detter and eleven children: Mrs. Robert Jacobs, East Berlin; Melvin Sebright, St. Joseph, Mo.; Laura, Raymond, Martha, David, Chester, Charles, Russell, Mary and Loretta Sebright, all at home. Also, by three brothers, Charles Sebright, of Hanover; John, of York, and Calvin, in the West.

Funeral, Saturday morning at 9:30 o'clock at the house, after which services will be held by his pastor, Rev. F. C. Sternat, in Trinity Lutheran church, East Berlin. Interment in Union cemetery.

MISS LYDIA CRUM

Miss Lydia Ellen Crum, daughter of Mr. and Mrs. Peter Crum, died at the home of her brother, Isaiah Crum, at Mt. Taber, on Thursday morning at 10:15, aged 66 years, 2 months and 20 days.

She is survived by three sisters and four brothers: Eli H. Crum, of Perry County; Sylvester Crum, of Texas; Mrs. Jacob Bream, R. R. Idaville; Abel Crum, of R. R. Idaville; Isaiah Crum, of Mt. Taber; Mrs. William Bream, of Gardners Station; Mrs. John Bowers, of Idaville; and also by 22 nephews and nieces.

She was a faithful member of Mt. Taber United Brethren Church for 45 years, and was treasurer of the Sunday School and secretary of the Missionary Society.

Funeral Monday morning meeting at the house at 9:30. Services at Mt. Taber; interment at Clines Church, Rev. P. C. Hoffman officiating.

Friends will please accept this as an invitation to attend without further notice.

MRS. MARY REARY

Mrs. Mary Reary, wife of the late James F. Reary, died at her home in Ozark County, Missouri, March fifth, aged 84 years.

She was the daughter of the late James and Elizabeth McIlvain, of Mt. Pleasant township. She is survived by one daughter and four sons, Mrs. Jenny McGuire and Emmert Reary, of Denver, Colorado; Allen Reary, of Montana; Howard and Martin Reary, of Dora, Missouri. Two brothers survive, Luther McIlvain, of York; and Monroe McIlvain, of Indiana, and one sister, Mrs. William Fissel, of Caro, Kansas. W. A. Reary, of Biglerville, is a brother-in-law.

JANET F. SHARP

Janet Fyrn Sharp, the infant daughter of Mr. and Mrs. John F. Sharp, of Stratton street, died at 12:20 this morning aged nine months and five days. The child was ill with whooping cough and Thursday evening had a number of convulsions which caused her death.

She is survived by her parents, two step sisters, Bernice and Mary Sharp, and one step brother, Gomer Sharp. Funeral at Fannettsburg Saturday afternoon.

SALARY RAISED

County Minister Receives \$200 Increase in his Salary.

The joint consistency of the Reformed congregations of New Chester, New Oxford and Abbottstown have raised the salary of their pastor, Rev. W. A. Korn, from \$800 to \$1000. The raise takes effect July 1st.

NOTED INVENTOR DIES IN NEW YORK

George Westinghouse Succumbs to Heart Trouble.

HAD BEEN ILL SOME TIME

Was President and Founder of Great Electric Company and Inventor of Air Brake.

New York, March 13.—George Westinghouse, sixty-seven years old, president and founder of the Westinghouse Machine and Electric company, with home offices in Pittsburgh, Pa., died here. He had been confined to his bed for some time.

A member of Mr. Westinghouse's staff said that he had been suffering with a heart complaint for over three months. Later it grew worse, and on Monday last he had a relapse, that left him weak.

Had George Westinghouse achieved nothing more than the invention of the airbrake, his name would have taken rank with those of great American inventors. But he has done more—much more—along the lines of controlling electrical current, utilizing various natural forces for commercial purposes, both generally and specially, and has built up in the course of a long lifetime of intense activity so vast a business, here and in Europe, that his name is written indelibly on the world's tablets of fame.

At the age of fifteen he constructed a workable rotary engine and his airbrake was invented before he had attained his majority.

Westinghouse was born in Central Bridge, N. Y., Oct. 6, 1846, the son of George Westinghouse and Emmeline Vedder Westinghouse. His father was the proprietor of the New York Agricultural works, at Schenectady, and from almost the age of ten George, Jr., was an earnest and eager "worker" in his parent's shops.

When the Civil War broke out young Westinghouse enlisted in the United States volunteers, with which he served from June, 1863, to November, 1864. He then became an assistant engineer in the United States navy, in which capacity he served until August, 1865.

He experimented first with a railroad frog, which turned out a success. The air-brake came next. It is said the idea dawned when he personally saw two freight trains collide head-on, although this point is not definitely authenticated. Having finally perfected to his own mind his air-braking device, Westinghouse set about getting it on the market. He went to heads of railroads direct, but was turned away. In this connection the tale is told of old Commodore Vanderbilt, who, when approached by a friend of Westinghouse, asking a hearing for the brake, is said to have exclaimed: "Does he think he can stop a train with the wind?"

The sponsor for Westinghouse said he supposed this was the gist of the scheme.

"Then tell him I haven't any time to waste on fools," snorted the builder of the New York Central.

Finally, in 1868, Westinghouse got a chance to try out his invention on the Pan Handle road. It was not only a complete success, but, according to one tradition, actually saved the first train on which it was tested from a bad wreck in a washout.

Determined to reap personally the fruits of his labors and patents, Westinghouse moved from Schenectady, N. Y., where his father's shops were located, to Pittsburgh, Pa., and began the manufacture of his brakes. His first shop there, which employed 100 men, now employs something like 20,000.

Westinghouse next applied the compressed air principle to railroad switches and then to signals with such success that even the unwilling Commodore Vanderbilt was forced to recognize the value of "wind" properly applied.

SIGNS ALASKA BILL

President Used Two Gold Pens to Approve Railroad Measure.

Washington, March 13.—President Wilson signed the bill authorizing the expenditure of \$35,000,000 for the construction of a government-owned railroad in Alaska.

Secretary Lane, of the interior department; members of the senate and house and others from the Pacific coast region witnessed the ceremony.

The president used two gold pens, a gold one supplied by Charles J. Heitner, of Seattle, Wash., former Democratic state chairman, and a silver pen brought by Representative Houston, chairman of the house committee on territories.

Wife Hit by Ad Unsuitable.

Marquette, Wis., March 13.—Ben Rosenberg, of Oconto, has filed suit for divorce from the wife he says he got through an advertisement in a Chicago paper. He married Mrs. Elsenberg, a Chicago widow, Feb. 5. She found Oconto too small. As the wife was young enough to be his daughter, Rosenberg said they were mismatched. He gave her \$100 in cash and she then decided back to him two houses and lots which he made over to her before marriage.

VANDERBILT RICHES TO WIFE AND DAUGHTER

Will Give \$20,000,000 to His Nearest Kin.

New York, March 13.—The will of George W. Vanderbilt, as filed for probate here, leaves his entire estate, estimated at \$20,000,000, to his widow and only daughter, Cornelia.

Minor bequests providing annuities aggregating \$5500 a year are made in favor of certain relatives. There are no public bequests.

Baltimore, Mr. Vanderbilt's world famous estate in North Carolina, is left to his daughter, Cornelia, who is now twelve years old. She also receives \$3,000,000 in cash and is made residuary legatee.

Mrs. Vanderbilt, the widow, receives the estate at Bar Harbor, Me.; the Vanderbilt home in Washington, \$250,000 in cash, a life interest in a trust fund of \$1,000,000, which she may dispose of at her death as she sees fit, and part of the real estate in North Carolina, known as Pisgah Forest, containing about 80,000 acres, together with the contracts for the sale of timber therefrom, estimated to produce about \$50,000 a year. These bequests to Mrs. Vanderbilt are made in lieu of dower.

Mrs. Vanderbilt's valuable collection of paintings and books in his real denes at Baltimore, Washington and Bar Harbor go to his wife and daughter, who receive these estates. The famous Vanderbilt mansion at the corner of Fifth avenue and Fifty-first street, New York, was the property of George Vanderbilt only during his life time.

The house, which is valued at a million and a half, was built by William H. Vanderbilt, and by the terms of his will reverts to Cornelius Vanderbilt, George's nephew.

SLASHER GETS JAIL TERM

British Militant Gets Six Months and Goes on Hunger Strike.

London, March 13.—Miss May Richardson, the militant suffragette, who on Tuesday hacked Velasquez's "Rokeby Venus" in the National Gallery, was sentenced to six months' imprisonment.

The case against Miss Richardson was disposed of in record time. She was arrested on March 10, taken to the Bow street police court and committed for trial by the magistrate on the same day; the grand jury Wednesday returned a true bill against her, and Thursday she was tried and convicted by a jury at the London sessions.

Indicted on White Slavery Charge. Council Bluffs, Ia., March 13.—Claude Henninger, of Allentown, Pa., was indicted by the federal grand jury here on a white slavery charge and at once pleaded guilty. Henninger, who is supposed to have been a man who took her place, was indicted on a charge of white slavery.

Blind Woman Fatally Burned. Phillipsburg, N. J., March 13.—Mrs. Margaret Vanormann, forty years old, a blind woman, was fatally burned by her apron catching fire as she moved about the kitchen stove. Her screams brought assistance, but those who responded had to burst in the door of the house, which had been locked, and this delay was fatal.

Jaunting Car in St. Patrick's Parade. New York, March 13.—An Irish jaunting car, carrying four pretty girls, dressed all in green and wearing green wigs, will form part of the St. Patrick's Day parade here.

ELEANOR WILSON TO WED M'ADOO

Ceremony Will Take Place in June, Says Rumor.

NO DENIAL FORTHCOMING

Bride-to-Be Is 24 and the Reputed Fiancee Is 51 Year Old and a Grand father.

Washington, March 13.—Prospects of another White House wedding became more definite with persistent report that the secretary of the treasury, William G. McAdoo, and Miss Eleanor Randolph Wilson, youngest daughter of the President and Mrs. Wilson, were engaged. The wedding it is said, will be in June.

There was no announcement from the White House regarding the report, and when the attention of officials was drawn to it they refrained from making any comment or denial.

Secretary McAdoo said it would be indelicate for him to comment on the subject one way or the other. Nevertheless official Washington is taking it as a definite fact that another wedding at the White House will be solemnized in June after the adjournment of congress.

Many persons who know Mr. McAdoo were not surprised at the report, because he has been a frequent social visitor at the White House in the last year. Washington society has observed the couple at many a dance as well. Mr. McAdoo is fifty-one years old and Miss Wilson is twenty-four.

Mr. McAdoo is a widower and has six children, one son and one daughter being married. Recently a grandson was born to his eldest daughter in Arizona. When his second son, Francis H. McAdoo, was married last spring, President Wilson and his family motored to Baltimore to attend the wedding.

McAdoo, who is the builder of the Hudson river tunnels, knew the Wilson family before his entry into the cabinet, and has been an intimate friend of the president since early in the pre-convention campaign.

Miss Wilson was educated in private schools at Princeton, N. J., and for several years has been making frequent trips to Philadelphia to an art school, where she has studied painting.

The wedding thus forecast for June will be the fourteenth White House wedding, that of the prospective bride's sister, Jessie Woodrow Wilson, to Francis Bowes Sayre, on Nov. 25, 1912, being the thirteenth. Miss Eleanor Wilson was a bridesmaid at that wedding.

ROAD BUILDING LECTURE

Special Effort Being Made to Instruct Officers of Pennsylvania Townships.

Philadelphia, March 13.—The University of Pennsylvania is making a special effort to give instructions to the officers of the various municipalities of the state of Pennsylvania and the townships of the first and second class to attend the lecture to be given by Professor William Easby, Jr., on Saturday afternoon, April 11, when he will speak upon "The Improvement and Reconstruction of Suburban and Country Roads to Wasteland Wear from Motor-Driven Vehicles."

This lecture will be one of a series of free public lectures given every Saturday afternoon in the auditorium of the Houston club of the university.

OIL WELL A SUCCESS

Drilling at Ridgway Attains Capacity of 1,000,000 Feet.

Ridgway, Pa., March 13.—A gas well which was drilled on the P. R. Smith farm, three miles from here, has attained a capacity of 1,000,000 feet, and drilling will continue for 100 more feet and drilling will continue for 100 more feet, until the bottom of the sand is reached.

The well is about two miles from the one on the Vanarsdale farm, which produced 4,500,000 feet. Ten wells are being sunk in the territory, and when the weather opens sufficiently at least that many more will go down.

Wants Women's 8-Hour Law Set Aside

Washington, March 13.—A lone woman appealed to the supreme court to set aside the California eight-hour woman labor law as unconstitutional. She is Miss Ethel E. Nelson, a nurse in the Samuel Merritt hospital, in Alameda county. She contends that if the law is enforced a man will take her place.

Town to Honor Cleveland.

Caldwell, N. J., March 13.—Exercises in commemoration of the birthday of Grover Cleveland will be held under the auspices of the Grover Cleveland Birthplace and Memorial association on March 15. Part of the ceremony will be the dedication as a permanent memorial of the house in which Cleveland was born.

Three Men Plead Guilty to Murder. Lawrence, Mass., March 13.—Bedro Takdarian, Carabed Barbarian and John Ardanian pleaded guilty to the murder of John K. Shamlian, a Matapan jewelry salesman, who disappeared Feb. 9, and whose dismembered body was found buried in the woods of Freyre village, near Lawrence.

WANTED: general farmer, good opportunity for the right man. None but reliable men need apply. E. S. Large, Orrtanna.—advertisement

TAKE A RAP AT PINCHOT

Candidate For Senate Alluded to in the House as a "Carpet-Bagger."

Washington, March 13.—Clifford Pinchot's candidacy in Pennsylvania for the United States senate was brought into the debate on the agricultural appropriation bill in the house, and for half an hour Republican leaders commented derisively on the former chief forester, picturing him as a "carpet-bagger" and attacking his record in the forestry service.

Representative Bryan, Progressive, of Washington, accused Representative Humphrey, Republican, of Washington, of favoring "looters" of the national forests, and declared Pinchot had saved the situation against the old line Republicans.

Humphrey retorted with a charge that Pinchot at one time recommended a grant of 240,000 acres of forest land in the northwest to railroad and other interests, and that this was followed by a recommendation of another grant of 120,000 acres, although protests against both transactions were made by members of the house.

Representative J. Hampton Moore, of Philadelphia, pretended to be much confused as to whether Pinchot was a candidate in Pennsylvania or Washington, and as to whether Bryan was not seeking to run for the senate in Pennsylvania. The Republicans laughed and applauded at the veiled insinuation that Pinchot was a "carpet-bagger" in Pennsylvania.

MONROE DOCTRINE TALK STIRS SENATE

Calls Upon Ambassador to Explain Speech in London.

Washington, March 13.—A resolution calling upon Walter Hines Page, ambassador to Great Britain, for an explanation of a Panama canal speech which he is reported to have delivered before the associated Chambers of Commerce in London, was adopted by the senate.

The resolution was introduced by Senator Chamberlain, Democrat, of Oregon, an opponent of the repeal of the toll exemption provision of the Panama canal act.

In the preface to the resolution, Senator Chamberlain quoted a report of the speech as printed in a New York morning paper.

The resolution then calls on the secretary of state "to furnish to the senate without delay a copy of the speech made by the American ambassador, and particularly that part thereof giving his definition of the Monroe Doctrine, in which he is alleged to have stated that the British would profit most by the use of the Panama canal, and that he call upon the American ambassador to furnish forthwith for the use of the senate any evidence on which that portion of his speech was based, wherein he is alleged to have said that it 'added greatly to the pleasure of the people of the United States in the building of the Panama canal to know that the British would profit most by its use.'"

PROPERTY VALUATIONS FIXED

Pottsville Leads in Schuylkill County, With \$7,787,772

Pottsville, Pa., March 13.—The Schuylkill commissioners have finished the valuation of property throughout the county.

Pottsville leads with \$7,787,772; Shenandoah is \$3,203,898; Tamaqua, \$2,545,694, and Mahanoy City, \$2,154,863. In four wards in the new city of Pottsville the property values exceed a million dollars. They are: Second, \$1,028,006; Third, \$1,758,623; Fourth, \$1,370,308; Fifth, \$1,406,216.

Oil Company Fined \$14,000 By Court.

Shreveport, La., March 13.—The Waters-Pierce Oil company was fined a total of \$14,000 in the federal court here after the company had been found guilty of violating the Elkins law. The company was charged with making rate concessions on oil shipments.

Fire Sweeps Portland.

Portland, Ore., March 13.—Six blocks of Portland's water front were wiped out by fire. The loss is estimated at several hundred thousand dollars. The steam schooners Cricket and Glenroy were burned.

PERSONAL NOTES AND BRIEF ITEMS

Paragraphs of News Telling of the Happenings in and about Town People Visiting Here, and Those Sojourning Elsewhere.

Rev. S. A. Crabill has returned to Hanover after spending some time in town in the interest of the United Brethren revival.

E. P. C. Fowler and two sons have gone to the Eastern Shore of Maryland, after visiting for some time with Rev. and Mrs. F. E. Taylor, on High street.

Miss Astrea Sterner, of Chambersburg street, left this morning for Brooklyn, N. Y., where she expects to stay for some time.

Rev. and Mrs. Howard A. Stauffer, of Chambersburg, are spending several days at the home of Mr. and Mrs. John B. Hamilton, on Washington street.

The flag at Meade's Headquarters will be placed at half mast on Saturday, the day of Calvin Hamilton's funeral.

Mr. and Mrs. T. Marshall Mehring, of Cumberland township, are spending the day in Harrisburg.

Mrs. Harry Bumbaugh, of East Middle street, is spending several days at her home near Biglerville.

Mrs. Louis Minnick has returned from Florida accompanied by her sister, Mrs. C. Lee Smith, who will spend the winter here.

Rev. Howard A. Stauffer, pastor of Second Lutheran church, Chambersburg, for three years, has received such a call from the Lutheran church of Middleburg, Snyder county. The salary is said to be double that which he is now receiving.

Mrs. Theodore McAllister, of East High street, is visiting friends in Harrisburg.

SURPRISE PARTY

Geyer Home in McKnightstown Scene of Party.

A birthday surprise party was given Mrs. John Geyer at her home in McKnightstown Monday evening. Those present were Mr. and Mrs. John Geyer, Mr. and Mrs. George Plank, Mr. and Mrs. William Weikert, Mr. and Mrs. Otis Walter, Mr. and Mrs. Jacob Bushman, Mrs. John Lower, Mrs. Merl Miller, Mrs. Susie Mickle, Bertha Kellar, Mary Mickle, Romaine Harbaugh, Alma Cluck, Madge Geyer, Esther Cluck, Grace Baltzley, Alma Weikert, Daisy Singley, Evelyn Mundorff, Harry Lower, Clair Rebert, Paul Lower, Paul Weikert, Paul Rebert, Paul Mundorff, John Weikert, Emory Baltzley, John Kellar, Orman Rebert, Allen Walter, Clyde Geyer, Ernest Bushman, Wilbur Geyer, John Baltzley, Lawrence Baltzley, Robert Baltzley.

THE SPENDTHRIFT

First Class Attraction Booked for Walter's Theatre Next Week.

Attention is called to the coming of the great play by Porter Emerson Browne, entitled "The Spendthrift". The date is Tuesday evening, March 17. The play was presented a little over two years ago at the Hudson Theatre, New York, where it ran for six months. Since then it has been presented with unvarying success in all the large cities. The company engaged for this, the only company on the road, is a fine one. The stage equipment is lavish and complete. Manager Raymond is to be congratulated on securing this particularly fine attraction. Prices in accordance with the high character of the performance will prevail.—advertisement

COMING EVENTS

Events Scheduled for Gettysburg during the Coming Weeks.

Mar. 13.—Basket Ball. Mt. St. Mary's College Gymnasium.
Mar. 16.—Basket Ball. Penn. Dental vs Gettysburg Freshman.
Mar. 17.—"The Spendthrift". Walter's Theatre.
Mar. 21.—County Spelling Match. Court House.
Mar. 23-28.—Loie Francis Stock Company. Walter's Theatre.

COAL yard and warehouse for sale: good location, paying business. Sales amount to \$40,000.00 yearly. To be sold before April 1st. A good opportunity to buy a profitable running business, one that will pay good dividends. Price very reasonable. Full information by applying to Frank R. Peckman, Masonic Building, Gettysburg, Pa.—advertisement

ALL members of the P. O. S. of A. are requested and urged to attend services at the Methodist Church on Sunday evening, March 15th. A most hearty invitation is extended to Battlefield Council No. 717 O. of I. A. to join in these services. Meet in the P. O. S. of A. Camp room at 6:30 p. m. and go to the church in a body.—advertisement

His Grandmother's Ring

By SARAH BAXTER

Jim Atwater was one of those fortunate men who allow their hearts to run away with their heads. He inherited a fortune, but so many of his friends needed it that by the time they got through borrowing there was nothing left for Jim. However, his credit was good, which enabled him to continue to dress well and be able to send flowers to his sweethearts. But after his bills had run a long while without being paid no more credit was given him. Then there was a gradual dropping off of friends, both men and women, till Jim found himself out in the cold.

Among the girls who had received many attentions involving the expenditure of money was Lucy Edmonds, a young lady of independent means. She was practical in all respects except in loving Jim.

Jim's assets were reduced to a diamond ring that had been handed down to him from his grandmother. He had shown it to Lucy, who admired it greatly and would have offered to buy it, but she knew that if she did Jim would give it to her, so she said nothing about it except that she could not respect him if he parted with it.

Burton & Co., tailors, to whom Jim owed money for clothes, put the account in the hands of Miss Stevens, a woman collector, who, being somewhat acquainted with members of the upper ten thousand, showed great ingenuity in collecting bad debts. Among other things that the collector knew was that Jim was attentive to Lucy Edmonds. What does the woman do but call upon him, saying that Miss Edmonds had sent her as one of a number who would make up a sum for charity. Miss Stevens told a pitiful story of a widow with a dozen children who needed help and said that Miss Edmonds had assured her that he would give her a nice sum for the purpose.

This was putting a screw on Jim's heart and another screw on his desire to obey a request from the girl he wanted. Not having a cent to give, he took his grandmother's ring around the corner to a pawnshop, borrowed \$50 on it and gave it to Miss Stevens. The amount realized by this device was about half of what Jim owed his tailors.

Miss Stevens was so proud of her ingenious method of collecting a debt that she boasted of it to an intimate friend, who revealed it to several persons, and it reached the ears of Miss Edmonds. She immediately made the round of the pawnshops till she found Jim's ring, redeemed it and, having it in her possession, sent for Jim.

"Jim," she said, "I have decided that I can't be happy without you, so will marry you since you seem to want me."

Jim folded her in his arms. "There is one thing, however," Lucy continued after her lover's transports were somewhat exhausted. "There must be no extravagance on your part connected with our engagement."

Jim declared that he was reformed already.

"In the matter of the engagement ring, I desire that you give me the heirloom that has been handed down to you from your grandmother."

Jim was paralyzed.

"I would much prefer it," Lucy went on, "to a modern one purchased especially, and by using it you will avoid any expense."

"But, my dear love, what will people say at my not giving you a new ring? They will consider me stingy."

"It doesn't matter what they say so long as I am satisfied."

"Very well, sweetheart; be it as you say."

"Bring it to me this evening."

"This evening?"

"Yes; I am dying to possess it."

"Wouldn't tomorrow do?"

"No. Why do you hesitate? Have you parted with it?"

"Parted with it! Did you not tell me that you would come to respect me if I did that?"

"Jim, go at once and bring me the ring."

"Impossible. I keep it in a safety deposit vault and can't get it after 3 p. m."

He said this so earnestly, with so honest a countenance, that Lucy burst out laughing.

"You don't trust me," moaned Jim.

"Trust you? Of course I don't. You haven't the ring. You were fooled by a woman who said I had sent her to you for charity. You had no money to give her, so you went out and pawned the ring. And yet you say you have reformed."

"I have—from the moment you told me that you would be mine."

"Jim, I am making a fool of myself in not sending you about your business, but I can't help it. Here is the ring. I have redeemed it."

Going to a drawer in an escritoire, she drew forth the heirloom.

Jim stood abashed for a moment, then said:

"Lucy, you are right. I am not worthy of so lovely a girl. I accept your consent to marry me only on probation. If within three months I am not reformed turn me down."

Jim went to work and in work found something to help him to resist temptation. He won his girl and made a very good husband. But it took time for her to bring him to a proper realization of the value of money.

Fair Question.

"Mamma," said a little four-year-old, looking up from her plate, "I used to eat wif my spoon and now I eat wif my fork; how old must I be fore I can eat wif my knife?"

A ration of cornmeal mush and milk may be sort of old fashioned, but considering its nutritive value and cost, it is a very economical ration. More than this, a good many old fashioned folks still find it appetizing and are glad of the evenings when it is served as a supper dish.

Although Germany is a relatively small country, it produces more potatoes than any country in the world, its output for the year 1911 being 1,263,000,000 bushels. In the same year Austria raised 420,000,000 bushels, France, 424,000,000 bushels and the United States 253,000,000 bushels.

At the end of the thirteenth week Tom Barron's pen of White Wyandottes laid all other pens in the egg laying contest at Storrs college, Connecticut, with a score of 486 eggs. Second and third places were held by pens of White Leghorns owned respectively by F. F. Lincoln of Connecticut and the Storrs college.

More than one farmer who has had failure after failure in getting a start with alfalfa has found that the application of a ton and a half to two tons of ground limestone was needed to sweeten the soil and make conditions right for its proper growth. Alfalfa will do quite well on a low, sour soil, but not alfalfa or red clover.

A \$40,000 horse bred by John Arnold of Williamsburg, Mo., and purchased a short time ago by E. B. McLean, has lately been presented by the latter to the United States department of animal husbandry to head the government stud. Nala is the name of the horse, and he was a champion at the Madison Square Garden horse show.

A plan is being carried out in Dane county, Wis., that ought to meet a well defined need not only from the standpoint of the farmer who wants help, but of the man who wants farmwork. It is a sort of clearing house for farm labor. A committee of three has been appointed to carry out the details of the plan, which has in view getting laborers and employers together.

The most progressive farmers have proven definitely to their own satisfaction that the thorough preparation of the soil before the seed is planted or sown has much to do with the subsequent growth of crop, as the cultivation that is given while the growing is in process. More tillers of the soil fall short in this respect than in any other having to do with the production of the crop.

There is many a garden patch where the early potatoes planted between rows, at the time of the last cultivation. The beans would not only cover the ground after the potato vines died down and keep down the weeds, but would also enrich the soil and help to keep it mellow, besides furnishing a staple crop for the table. Beans may be planted as late as the middle of June and yet mature a crop.

To keep in check the inroads of the San Jose scale fruit trees should be sprayed while dormant with a concentrated lime-sulphur mixture. Standard mixtures may be bought which require only the addition of water before using. Where the amount needed is small this is a good plan to follow. Where larger amounts are needed the mixture may be made at home according to the usual recipe. Where it can be generated easily steam makes an excellent means of cooking the solution.

A man who lives at or near Grand Rapids, Mich., is said to make nearly \$1,000 a year from the business of propagating angelfish. He gets two or three husky angelfish and puts them in a granite pail with a couple of double handfuls of earth. He feeds his worms twice daily a ration of coffee grounds and ceramul. He says that this plan will result in enough worms in ten days for three fishing trips and enough in twelve days for ten trips, while inside of fifteen days the increase has been so great that new quarters have to be provided.

The last barrier was broken a short time since in the Catskill aqueduct tube, which is shortly to furnish New York city with pure water. The tunnel is the longest of its kind in the world, having a length of 111 miles. For the most of this distance the tunnel is 500 feet under ground, while in some places it dips 700 feet. The building of the tunnel will cost when complete \$160,000,000 and has involved the sacrificing of 200 lives. It has been nine years in the building and when in operation will supply 500,000,000 gallons of water daily. The diameter of the tunnel varies from eleven to eighteen feet.

Kaffir corn, which is a native of South Africa and takes its name from the tribe from which it was secured, was introduced into this country some thirty-five years ago by the federal department of agriculture. It was experimented with first in southern states and later introduced into the extreme south and west. Today it is quite extensively grown in western Kansas, Nebraska, Oklahoma and Texas, where there is limited rainfall. The kaffir corn is hardy, drought resistant and will yield a good crop in sections that are too dry for corn. The grain has the general appearance of sugar cane, the seed being borne at the top of the plant instead of lower down, as with our native corn.

Real Philanthropy.

Some day a real philanthropist will arrive on the scene and give ten cents to some worthy cause without demanding that the cause raise an additional 50 cents.—Aitchison Globe.

ROUND THE WORLD

Japan has 5,000 miles of steam railways.

It is a strange fact that Africans never sneeze.

Vale of Kashmir, India, is eighty miles long and twenty broad.

Servia has placed an order for 900,000 war medals with a Swiss firm.

At a recent exhibition in Germany 1,000 kinds of sausages were shown.

The average annual wage for Victoria, Australia, is almost \$400 a year.

Sponge waste is used in many German industries, especially for stuffing dolls.

In the Atlantic states there are four motorboats to each thousand of population.

Vienna licenses taxicab service, regulating wages of drivers and fares of patrons.

Women's colleges in the United States are better equipped than those for men.

Cuba's best customer for cigars is Great Britain, which takes 60,000,000 every year.

Great Britain is now consuming large quantities of cider, the output increasing yearly.

The majority of the women of the Roman aristocracy have decided to banish the tango.

The United States ranks third in the world's shipbuilding industry, Germany second and Great Britain first.

With a population only two-thirds as great as the United States, Germany has 1,000,000 more labor union members.

An open air pulpit in the tower is one of the features of a new Presbyterian church at Palmer's Green, England.

Sheffield cutlery firms have subscribed \$55,500 for the purpose of prosecuting for fraudulent use of the word "Sheffield" abroad.

All the six sons of John and Mary Wheatland of South Croydon, England, are in the royal navy. Their ages range from sixteen to thirty-seven years.

A Russian army captain has been expelled from his regiment at Smolensk "because of the scandal offered to the army in his humiliating subjection to his wife."

One of the German transatlantic liners carries diving suits equipped with speaking tubes for the use of members of its crew in fighting fires below decks.

The charger used by Napoleon, which was stuffed and placed in a Paris museum, has just had a fourth tail fitted. All the preceding ones were taken by visitors as curios.

A young Norwegian recently skated 1,500 meters, which is about fifteen-sixteenths of a mile, in two minutes and nineteen and one-half seconds, a new world's record.

Five women whose aggregate wealth amounts to more than \$75,000,000 were seen recently in a New York department store.

Victor Hugo found the knowledge of foreign languages a dangerous possession for an author. "I have long since regretted my folly in learning Spanish," he confessed to Henri Rochefort. "If you want to retain a perfect mastery of your native tongue avoid any acquaintance with other languages."

To Herbert C. Hoover and his wife, Lou H. Hoover, graduates of Stanford university, has been jointly given the first award made by the Metalurgical Society of America "in recognition of their distinguished contributions to the literature of mining." The field of award is not confined to the United States, but includes the world in general.

most stars of one time, and they were all buying remnants.

Brazil owes her wealth in coffee to a monk who planted two seeds in a monastery garden in Rio de Janeiro in 1754, whence the plants spread throughout the country.

The Chinese are getting interested in equipping their cities with electric power and lighting plants. Within a few years some hundreds of communities are expected to take on electric plants.

After an extensive experiment in a clinic in Cologne the physicians announce that the average pulse rate of persons free from heart defects is fifty-nine a minute during sleep and seventy-four when awake, the subjects in either case being at rest in bed.

The family of Mr. and Mrs. Exor Matthews of Grand Rapids, Mich., consists, besides the parents, of twelve children, all of whom are either still or were musicians or are taking lessons in the use of some instrument. Each parent is able to play two or three instruments.

"Radium banks" have been established in a few European cities. These banks possess a few milligrams of radium. They lend their radium for one day for \$200 for surgical or other use. Radium salts, it is said, may be repeatedly used without losing any of their properties.

Pearls are alive in the embryonic stage, says Professor Surat, of the French museum, just returned to France from the South Sea Islands. He found in the interior of pearl oyster shells flax-like layers containing the larvae of microscopic tania, around which the pearl is built.

It is said that never before in any time of peace in the world's history were there so many tents pitched in one place as at the Delhi durbar several years ago, when the great majority of visitors, including the king-emperor and queen-empress, occupied tents just outside the city.

Sponges have never been found in the seas of Japan, but recently some were discovered about the Pescadore Islands. They have just been examined by the scientific laboratory at Taihoku, and, while the species is of no commercial value, it is expected that good ones might be grown in the vicinity of those islands.

Preserving the Verities.
Star Actor — "I must insist, Mr. Sager, on having real food in the banquet scene." Manager—"Very well, then; if you insist on that you will be supplied with real poison in the death scene."

Gate of Tears.
The straits Babelmandeb, the passage from the Persian Gulf into the Red Sea, are called by the Arabs the "Gate of Tears." These straits are very dangerous in rough weather. The channel is very rocky, and is only about twenty miles wide. It received its melancholy name from the number of shipwrecks that occurred there.

Why She Felt Safe.
A little southern girl who had had a quarrel with her sister was very angry and was vowing all sorts of vengeance. Her aunt said to her: "You must not feel that way. Remember, the Bible says, 'Vengeance is mine and I will repay, saith the Lord.'" The child studied a moment, and then said: "Yes, but you know, auntie, God's a gentleman, and he couldn't do any thing to a lady!"

Medical Advertising
Sage Tea Turns
Gray Hair Dark
It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

THE PUBLIC IS QUICK TO LEARN
A traveling man, discussing a certain brand made by a rival of his concern, said:
"It is really remarkable, but it is a fact that nine people out of ten who go into a store and pick up a piece of this ware ask if it is—'S'."

The name he mentioned was that of his own concern—one that has been made known by advertising for 100 years.

The advertising of his concern's ware has been backed up with unusual merit.

The ware is as good as it is well known.

Yet others are making ware which is probably as meritorious—but which the public is chary about buying. Purchasers have to be convinced of its merits.

Advertising has made the other ware the standard of its kind—the public has come to think of the trademark in connection with the article.

The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, wants to help general advertisers to use newspaper advertising to better advantage. Correspondence is solicited. Booklet on request.

PUBLIC SALE

Sage Tea Turns
Gray Hair Dark
It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

THE PUBLIC IS QUICK TO LEARN
A traveling man, discussing a certain brand made by a rival of his concern, said:
"It is really remarkable, but it is a fact that nine people out of ten who go into a store and pick up a piece of this ware ask if it is—'S'."

The name he mentioned was that of his own concern—one that has been made known by advertising for 100 years.

The advertising of his concern's ware has been backed up with unusual merit.

The ware is as good as it is well known.

Yet others are making ware which is probably as meritorious—but which the public is chary about buying. Purchasers have to be convinced of its merits.

Advertising has made the other ware the standard of its kind—the public has come to think of the trademark in connection with the article.

The Bureau of Advertising, American Newspaper Publishers Association, World Building, New York, wants to help general advertisers to use newspaper advertising to better advantage. Correspondence is solicited. Booklet on request.

Medical Advertising Serious Catarrh Yields To Hyomei

You Breathe It
Be wise in time and use Hyomei at the first symptom of catarrh, such as frequent head colds, constant sniffing, raising of mucus, or droppings in the throat. Do not let the disease become deep-seated and you are in danger of a serious if not fatal ailment.
There is no other treatment for catarrh, head colds, etc., like the Hyomei method, none just as good, so easy and pleasant to use, or that gives such quick, sure, and lasting relief. You breathe it—no stomach dosing. People's Drug Store will refund your money if you are not benefited.
Try Hyomei at once and see how quickly it clears the head, stops the sniffing, and banishes catarrh. Hyomei helps you to enjoy good health. All druggists sell it. Ask for the complete outfit—\$1.00.

AGREED TO LOBBY FOR TOLL BILL

C. W. DeKnight Tells Senate Committee of Deal.

HE GOT \$1000, AKA'S \$4000

Witness Declares the Head of Fore River Ship Building Company Paid Him.

Washington, March 13.—That he contracted with former Rear Admiral Bowles, president of the Fore River Ship Building company, for \$1000 and a contingent fee of \$4000 to work for toll exemptions for American coastwise ships in the Panama canal act, was charged by Clarence W. DeKnight before the senate "lobby" committee.

For his services in behalf of the Fore River Ship Building company he fore the senate canal committee, when the Panama canal bill was under consideration, De Knight testified he was paid only the \$1000, despite the fact that the tolls exemption was included in the bill.

He demanded the \$4000 contingent fee from President Bowles after the bill was passed, but thought that the reason he did not get it was because the bill did not go through in such form that the Fore River Ship Building company was to build some ships.

"Did your contract call for a contingency whereby the bill was to include a provision whereby the government was to contract for ships in case the toll exemption was granted?" asked Senator Reed.

"No, I don't think so," said De Knight. "I don't exactly remember the contingency. I was to get the \$4000 if the bill went through a certain way. Anyhow, I know that Admiral Bowles' company didn't build the ships. I never threatened to sue. The matter was dropped there, and I am still retained by the company in connection with some claims cases."

The committee demanded that De Knight produce his contract with Bowles, which the witness said he would do later.

De Knight charged that there was animus behind an effort to discredit him. He added that the animus arose from his discharge of a woman stenographer, whose name he coupled with that of a newspaper man in a certain charge.

Senator Overman produced a copy of a contract in which retired volunteer officers and enlisted men of Civil War service agreed to pay De Knight 50 per cent of any increases in pay they might receive should a bill for such increases now before congress be passed. De Knight testified that he had drawn such a contract and promised to inform the committee how many of such contracts had been signed by officers now in the government service.

Bowles Makes Denial.

Boston, March 13.—"I employed Mr. De Knight in connection with section 11 of the Panama canal act, which has to do with the jurisdiction of the interstate commerce commission over canal shipping," said former Rear Admiral Bowles. "The provision concerning tolls is section 5 of the act, and with this I had nothing to do," he added.

THREATENS TAX OFFICER

Declares He'll "Blow His Head Off" If He Receives Another Bill.

Trenton, N. J., March 13.—Postal inspectors are making an investigation that may lead to the arrest of an unknown person, who sent a postal note to Clinton J. Schwartz, tax collector of Trenton, threatening to "blow the head off" the official if he did not stop sending bills for taxes that could not be paid by the taxpayers. The writer also declared that he would blow up the city hall.

The writing on the postal was of a scrawling character and indicated that it was penned by an ignorant person. When Mr. Schwartz had read the postal he was alarmed and immediately submitted it to Postal Inspector Bringham, who began an investigation.

Women Missionaries Missing.

London, March 13.—Two women missionaries are believed to have been killed by the Chinese bandits who sacked Lao Ho Kow, China, according to a special dispatch to the Central News. Misses E. Black and J. Black, attached to a mission in the looted town, were reported to be missing. The women were on the staff of five persons of the China Inland Mission, a British institution in Lao Ho Kow.

100 Women in Fire Panic.

New York, March 13.—One hundred girls employed in the five-story factory building at 23, 25 and 27 Sullivan street were thrown into panic by a fire which started just after they had gone to work. Police reserves were rushed to the scene and took charge of the rescue of the persons in the building while the firemen fought the flames.

Used Pipe as Revolver; Held Crowd.
New York, March 13.—By using a white clay pipe as a "revolver," Walter Reector, charged with theft, drove back a crowd repeatedly, but was captured later.

They Wear Armor.
I've never any pity for conceited people, because I think they carry comfort about with them—George Elliot.

WILLARD SAULSBURY.
Delaware Senator Succeeds Bacon on Foreign Relations Committee.

Photo by American Press Association.

Senator Willard Saulsbury, of Delaware, was appointed to the place on the senate committee on foreign relations left vacant by the death of Senator Augustus O. Bacon, of Georgia.

NEW TRIAL FOR CLAY AND CONTRACTORS

Were Convicted of Defrauding Philadelphia.

Harrisburg, Pa., March 13.—Taking the stand that the judge in the lower court erred in his charge to the jury, the superior court, in a decision reversed the finding of the quarter sessions court in Philadelphia and ordered a new trial for Henry Clay, former director of public safety, and John R. Wiggins and Willard H. Walls, contractors.

The three men were convicted on Feb. 1, 1913, of conspiring to defraud Philadelphia in the erection of city fire and police stations and bathhouses and were sentenced to pay fines of \$500 each and to undergo imprisonment of not less than eighteen months or more than two years in the eastern penitentiary.

Clay, Wiggins and Walls have been under bail since the sentence was imposed. The appeal was argued before the superior court, Oct. 20.

Co-defendant with the men convicted at the trial was Carl B. Zilenziger, the city architect, who was accused of having had a part in the alteration of plans for certain city buildings, the result of which was to increase the profits made by the contractors. Zilenziger was the only one of the four who was acquitted.

1000 CHILDREN ESCAPE FIRE

March Out Calmly When Baltimore School Is Destroyed.

Baltimore, March 13.—One thousand children escaped safely in a fire that practically destroyed school No. 29 at Preston and Eden streets.

When the flames broke out the children were marched safely out of the building by the teachers according to the usual fire drill.

Among the pupils were twenty crippled children, who have recently been sent to school in wagons by public spirited women. The principal and teachers carried them to the street in safety.

A six-year-old boy gave the alarm, running from the cellar to tell his teacher. Within fifteen minutes it was apparent that the building, an old structure, was doomed.

Beardsley Found Guilty.

Navyville, N. Y., March 13.—Edward Beardsley, the Sumnerdale outlaw farmer, charged with assault on J. W. Putnam, county overseer of the poor of Chautauque county, was found "guilty as charged." The jury was out six minutes. Beardsley shot the officer when the latter entered his home to remove his children from their squalid surroundings. He then barricaded himself in the house and defied the authorities for eight days.

CHILD WALKS 1840 MILES FOR HEALTH.

San Francisco, March 14.—A six-year-old girl is here with a party from Kansas City, having walked the entire distance. She is Ruth Kuhn, daughter of G. A. Kuhn, for whose health the long hike was taken. They left Kansas City Aug. 3, 1913. Ruth is now strong and well.

Early arrivals in plain and fancy waists

The modish waists for spring, 1914, show the introduction of many novel effects in design and trimming. Among the materials used are the new com-

bination weaves of ratine and crepe—fabrics that are exceedingly charming in both design and texture.

Surely you can supplement your wardrobe at this time to much advantage by the purchase of a new stylish

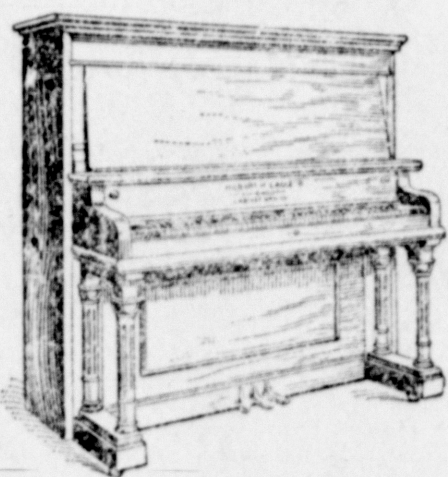

waist. Tailored waists range in price from \$1.00 to \$2.00. Fancy waists range from \$1.00 to \$3.00.

Happy Dreams.
It's possible for de po' man ter be des ez happy ez de millionaire—if you'll give him time ter sleep an' dream dat he is rich.—Atlanta Constitution.

'Way Up.
Howell—"He's usually on his high horse." Powell—"Yes, he is a sort of equestrian statue of himself."

Wise One.
Crawford—"The man who can look happy when he isn't makes a good companion." Crabshaw—"But you'd better not sit in a poker game with him."

For Your Plants.
Carbide, the pearly gray powder left from acetylene lamps, is excellent for use around plants. It stimulates the growth of both flowers and foliage.

Economy in the Home.
In keeping house it is quite as necessary to watch the outgoing as the incoming. Not the tiniest scrap of food need be wasted as long as it is good. It is wonderful what a nice pot of drippings can be kept on hand if all fat is taken care of. Sauces, too, can be often utilized in making over dishes, to give flavor or zest when lacking, as well as an addition to the soup bottle.

THE CITY

COMMUNITY CONCERN IN BETTER HOUSING.

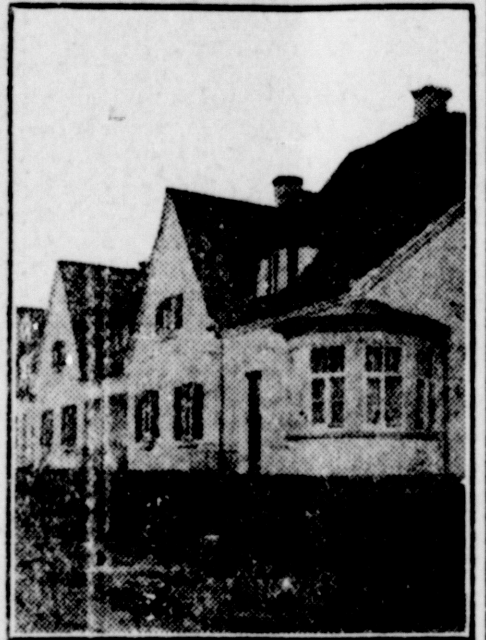

Plans Should Embrace Tenements and Single Family Dwellings.

Housing reform applies not only to tenements, but to the single family dwelling also, according to John Hilder, field secretary of the National Housing association. Writing in the Survey, he says:

"We have learned that bad housing may be found not only in the single family shack, but even in what is styled a single family residence. Just as it was found impossible to draw a valid distinction between an 'apartment house' and a 'tenement house,' so it is impossible to draw one between shack and residence.

"The new conception of what a city dwelling should be required to provide for its inhabitants runs counter to some established customs.

"When public health authorities, anti-tuberculosis associations, morals efficiency commissions, fire departments,

WORKINGMEN'S HOMES OF A NEW AND REASONABLY PRICED TYPE.

life and fire insurance companies and a score of other agencies, public, semi-public and private, find that their efforts to secure any substantial improvement lead inevitably to the dwellings of the people, then the providing of those dwellings ceases to be a purely private affair and becomes in larger degree a community affair.

"So our cities are coming to understand that upon them rests the responsibility of seeing that every dwelling provides at least a minimum of sanitation, light, air, privacy and safety from fire.

"In New York city, in New Jersey, in Columbus, in Duluth, wherever an advance in housing legislation has been made, there has been this opposition based on the fear that it would check building. And in every case experience has shown that instead it stimulated building.

"And the new buildings of higher type reduced those other and expensive social problems which have their roots in unwholesome dwellings."

ST. LOUIS OUSTS BILLBOARDS.

Nine Year Legal Battle Brings Banishment For Big Signs.

The final rout of the billboard trust took place in St. Louis after a nine year court battle, when the city commissioner ordered that 1,800 billboards, virtually all in the city, be torn down within four days.

The billboards were on the property of approximately 4,000 property owners, and to each of these owners a special delivery letter was sent calling their attention to the law's violation and requiring that the boards be removed within three days of the receipt of notification, one day's grace being allowed for delivery of the order.

"I shall have an ax squad ready and the offending boards will come down," said Building Commissioner McKelvey.

The 1905 ordinance to be enforced by the building commissioner limits the height of billboards to fourteen feet, requires a space of four feet between the ground and the bottom of the board, limits the area to 500 square feet and the length to fifty feet and fixes a license fee of \$1 for every lineal foot.

No billboard may approach nearer than six feet to a building or another billboard, and all boards must be placed back at least fifteen feet from the line of the lot.

Workers for the "city beautification" never will reach their goal until they eliminate the decrepit ash barrels and rickety waste paper boxes that decorate the sidewalks once a week.—Philadelphia Press.

Utilizing Refuse.
In the French commune of Villeurbanne, adjacent to the city of Lyons, the city refuse is burned, and bricks are made from the residue. This has been a private enterprise, but the municipality has arranged for the purchase of the crematory. The crematory is a model plant, and annexed to it is a brick pressing plant. The furnace serves not only to burn the refuse, but also to operate, by steam, the various machines in the factory.

Daily Thought.
Our greatest glory consists, not in never falling, but in rising every time we fall.—Goldsmith.

PUBLIC SALE

ON TUESDAY, MARCH 17TH 1914

The undersigned residing on what is known as the H. C. Epplen farm situated in Menallen township on the road leading from Aspers post office to the state road, about 1 1/4 mile from Aspers and one mile from Bendersville road, will sell the following live stock and farming machinery:
